6 Arrangements will be made to start the dispensaries, say, early in December, so that provision for about six months during the current year may be made.

7 The cost, viz., Rs. 4912, for each dispensary, as intimated to the Malnad Improvement Committee by this office, is made up of initial charges on equipment, such as, medicines, instruments, furniture, tent, etc., and monthly recurring charges on account of pay and contingencies.

8 The calculation suggested in para 2 of the note above, cannot apply to the initial charges, the whole of which will have to be provided, whether the institutions are started in December or January. The monthly recurring charges alone will depend on the number of months during the current year for which the dispensaries will be working. Taking this as six months, the provision necessary will be:-

Initial charges	Rs. 2200/-
Recurring charges for $\frac{1}{2}$ year	Rs. 1356/-
Total	Rs. 3556/-

FINAL NOTE.

37

With a view to provide suitable facilities for medical relief in the Malnad parts of the State where travelling is difficult, Government in their Order No.184-9/Med.38-13-10 dated 9th July 1915, sanctioned as a preliminary measure for a period of one year the conversion of three existing dispensaries in the Shimoga District into semi-itinerant ones and the starting of two new itinerant dispensaries in the Hassan District, the entire cost incidental to them being met from the Malnad Improvement grant for the respective Districts.

2. There is a provision of Rs.5,000/- in the revised programme of work of the Shimoga District for the three semi-itinerant dispensaries in that District, but the Hassan Committee are unable to spare any portion of their allotment this year for the two new dispensaries in their District, and have approached Government for an additional grant, which is estimated by the Senior Surgeon at Rs.7,112/- for the remaining portion of the official year.

3. The Financial Secretary on being consulted was of opinion that no additional grant was admissible as the budget is practically a balanced one and suggested reappropriation from the grant of - 2 lakhs for village improvements if it was considered necessary to sanction the proposal.

4. The matter was considered in Council on the 6th January 1916, when it was resolved that - only one itinerant dispensary be started, the cost being defrayed from the allotment of Rs.10,000/- provided for rural libraries.

Sir,

In submitting, herewith, a copy of Resolution passed at the Special Meeting of the Malnad Improvement Committee, Hassan District on the 21st September 1915, I have the honor to state that as suggested by the Senior Surgeon, the question of cost of maintenance of the two itinerant dispensaries sanctioned for the -- Hassan District ^{temporarily for a period of one year,} ~~temporarily for a period of one year,~~ was placed before the Committee and that they are agreeable to meet the cost of Rs.4,912/- for each of the two dispensaries from the Malnad -- Improvement Funds. But as however, this expenditure was not foreseen and no provision was made in the current year's budget, I am to request that Government be pleased to sanction an additional grant of Rs.9,824/- or Rs.10,000/- in round numbers for the said purpose for the current year.
